COACH: Wayne Valentine (started the program in 1972 and has coached for 50 years).

Here is what Valentine said about his team:

``This year's Tigerette team has 25 girls, most are returning from last year's team. Our top two athletes are seniors Erin Fox and Melissa DeHorta. Both are four year letter winners in XC and WT and each will get their 4th ST letter this year. Erin will be running at the Univ. of New Haven (CT) on a scholarship. Melissa will be moving to either Mexico or Texas and hopes to run (probably at a jr. college in Texas).

Fox's best event is the 800. She holds four winter track school records from the 400 through the 1000 and is within our school record in the 800 in spring, running 2:19 last spring. She is also on all of our distance relays from the 4x4 through the DM. She will also run the 400 and 400 hurdles this year.

Melissa's best event is the 3200, where she is the second fastest girl we've had. Her best time is just under 11:40 and her best 1600 time is just under 5:30. She is also on the same relays as Fox. We have several other distance runners who help in our relays. Juniors Karina Ayala, Jen Caban and Khloe Aragon and sophomores Juliana Vasquez and Rebecca Inglis.

Our throws crew is led by three juniors, who are in the 30 ft. range Andrea Morales (also a decent BB player), Eileen Anderson and Julia Gomez (WT). They also compete in the discus.

Our sprinters are all young. The top ones should be returning sophomores Michelle Ogilvie and Kimya Wilkins and freshman Theresa Fuller. All the jumping events are a mystery this year. We'll see what happens."

COACH'S OUTLOOK: ``We had a series of unfortunate events happen this winter that impacted our spring season & keeps our trainer, Scott Ellis, on his toes: Krissa Polimeni (Sr), PV/800m, broke her foot in x-country & Ulana Thompson (Sr) 400 IH/ 800m, was in a car accident & came away with a torn miniscus. Last year they both ran on our winning 4x800m team that went to Millrose for the 1st time in school history & won the state Sectional Relay. Meagan Baird (Sr) & Alondra Diaz (So) (100/200) have been recovering from injuries and will soon be on the track. So, it's been an interesting start to our season, but everyone is doing well in their rehab programs. It also leaves the door wide open for our very young team to step up. Currently, we have close to 30 freshman, 17 sophomores, just over 10 juniors (most of which are throwers) and just 2 seniors cleared to compete. Most freshman have never before ran track, but I'm excited to work with them. I have a lot of teaching in my future, but I have a great (and also fairly new) coaching staff in Sandra Ostrowski, Janel (Cleffi) Jones and Nicole McMahon as well as the support of our trainer who has been helping us strengthen our team."

COACH: Laura Myers (2nd season)

What Myers said about her team:

“We are a very young team with only 6 seniors and 6 juniors, but our sophomore and freshman presence is numerous and promising. This year we added 2 new coaches to our staff. Brian Cooper is a first year track coach, but had a successful season coaching Swimming for Roxbury. His track experience lies in the pole vault and jumps area as he competed in both in high school. Although he wished to continue his track career in college, it did not fit into his rigorous schedule. We also added another coach with pole vault experience this year when we hired Allie Golden. Originally a pole vaulter, sprinter, and cross country athlete, Allie Golden competed for Morris Knolls during her high school career. We look forward to having new coaches who can add to our program and help us to target the event specific groups. “Four of our top 5 dual meet point scorers are returning this year, and the best part is, they are all only sophomores and juniors!”
